

ZerOS lighting consoles

ZerOS is the operating system for all premium Lighting Consoles from Zero 88. Continuously updated and developed using Linux and a familiar window based navigation system. ZerOS is user friendly and can easily be customised to any operator's individual way of working.

ORB XF (4096 DMX Channels)

Advanced lighting console supporting 4 Universes over DMX and 8 Universes over Art-Net or sACN. Suitable for theatrical style syntax control or live hands-on operation of larger lighting rigs. 60 faders for live playback and channel control, 3 encoders & intensity wheel. Supports 2 external touch monitors. Add an EtherN.8 node to create a cost-effective 8-universe DMX control & distribution package.

00-865-02	ORB XF incl dust cover	£6,200.00
0020-000015-00	Package ORB XF with EtherN.8	£7,500.00
00-867-00	Flightcase	£730.00
75-082-00	Spare dust cover	£70.00

Solution & Solution XL (2048 DMX Channels)

Multipurpose consoles for controlling 248/296 devices (channels, moving lights or LEDs). Suitable for a variety of performance types, and users with varying levels of experience. 3 encoder wheels. Can be used with or without external monitor.

00-868-00	Solution incl dust cover	£3,400.00
00-869-00	Solution XL incl dust cover	£4,895.00
00-863-00	Flightcase (Solution)	£810.00
00-864-00	Flightcase (Solution XL)	£940.00
12-123-99	SMPTE/MIDI/Remote/CAN PCB upgrade	£130.00
75-095-00	Spare Dust cover (Solution)	£40.00
75-099-00	Spare Dust cover (Solution XL)	£70.00
55-375-00	Spare Universal PSU - XLR4	£65.00

Replay & Backup

ZerOS consoles can continuously backup to another identical console, an SCD Server (19" rack mount) or a PC (requires Phantom ZerOS unlock). If the console goes offline, the backup seamlessly takes over. Once programmed, SCD Server can independently replay.

0020-000002-01	SCD Server Pro	POA
00-887-00	Phantom ZerOS unlock dongle	£515.00

FLX (2048 DMX Channels)

Compact, powerful and portable console with 2 Universes over DMX, or 4 Universes over Art-Net or sACN. Suitable for a variety of performance types and users with varying levels of experience. Built in multi-touch display, 4 encoders and 24 channel or playback faders. FLX consoles have no patch limitations - the number of DMX channels matches the number of available control channels. Supports single external touch screen monitor. FLX consoles can be upgraded online, universe-by-universe (up to 8 in total).

0020-000004-00	with UK lead	£3,500.00
0020-000005-00	with Schuko/French lead	£3,500.00
9805-000058-00	Flightcase for FLX	£460.00
5630-000043-00	Dust cover	£40.00

For universe upgrades please visit zero88.com/software/zeros/upgrade

FLX 8 (4096 DMX Channels)

Compact, powerful and portable console with 2 Universes over DMX, or 8 Universes over Art-Net or sACN. Suitable for a variety of performance types and users with varying levels of experience. Built in multi-touch display, 4 encoders and 24 channel or playback faders. FLX consoles have no patch limitations - the number of DMX channels matches the number of available control channels. Supports single external touch screen monitor. Add an EtherN.8 node to create a cost-effective 8-universe DMX control & distribution package.

0020-000009-00	with UK lead	£4,500.00
0020-000010-00	with Schuko/French lead	£4,500.00
0020-000012-00	with EtherN.8 & UK lead	£5,900.00
0020-000013-00	with EtherN.8 & Schuko/French lead	£5,900.00
9805-000058-00	Flightcase	£460.00
5630-000043-00	Dust cover	£40.00

ZerOS Wing

ZerOS Wing's style matches the FLX, but is compatible with any ZerOS console, including Phantom. 6 wings can be used simultaneously, controlling either channels or playbacks. Optional extra feet raise a Wing to sit behind the FLX whilst optional extra brackets enable it to be attached to the side of a FLX - or for multiple Wings to be attached to each-other side-by-side

0020-000016-00	with USB connection, feet & brackets	£1,095.00
9805-000059-00	Flightcase	£390.00

Small to Midrange Lighting Consoles

The small to midrange selection of lighting consoles from Zero 88 offers many options for fader-per-channel based operation along with entry level moving light and LED control.

Jester range (512 DMX Channels)

Feature packed, entry level memory console for novice and mid level user. Suitable for programming and playback of 24 or 48 dimming channels via faders, with aux controls for simple fixtures like smoke machines. Can be used with or without external monitor.

00-108-11	12/24 with UK lead	£930.00
00-108-21	12/24 with Schuko/French lead	£930.00
00-128-11	12/24 (19" rack) with UK lead	£875.00
00-128-21	12/24 (19" rack) with Schuko/French lead	£875.00
00-109-11	24/48 with UK lead	£1,352.00
00-109-21	24/48 with Schuko/French lead	£1,352.00
00-766-00	Flightcase (12/24)	£325.00
00-767-00	Flightcase (24/48)	£390.00
55-375-00	Spare Universal PSU - XLR4	£65.00

Jester ML range (512 DMX Channels)

Feature packed, entry level memory console for novice & mid-level user, with added control of up to 30 moving lights, LEDs or other DMX fixtures. Includes 3 encoder wheels, 30 Colour, Beam and Position pallets. Can be used with or without external monitor.

00-114-11	ML24 with UK lead	£1,795.00
00-114-21	ML24 with Schuko/French lead	£1,795.00
00-123-11	ML48 with UK lead	£2,420.00
00-123-21	ML48 with Schuko/French lead	£2,420.00
00-767-00	Flightcase (ML24)	£390.00
00-768-00	Flightcase (ML48)	£465.00
55-375-00	Spare Universal PSU - XLR4	£65.00

Jester TLXtra (512 DMX Channels)

Feature packed, entry level memory console for novice & mid-level user, with control for 200 dimming channels and up to 30 moving lights, LEDs or other DMX fixtures. Dimmer control is by industry standard syntax via the built in number pad. Also includes 30 groups.

00-148-11	TLXtra with UK lead	£2,100.00
00-148-21	TLXtra with Schuko/French lead	£2,100.00
00-767-00	Flightcase (TLXtra)	£390.00
55-375-00	Spare Universal PSU - XLR4	£65.00

Juggler (24 DMX Channels)

Manual lighting control with 24 faders, timed cross fades and sequence functions. Suitable for basic lighting applications and users with limited knowledge or experience.

00-129-11	with UK lead	£499.00
00-129-21	with Schuko/French lead	£499.00
00-766-00	FlightCase	£325.00
55-375-00	Spare Universal PSU (XLR4)	£65.00

Level 6 (6 DMX Channels)

An excellent value manual lighting control desk, perfect where minimal control is all that is required. Basic lighting applications and users with limited knowledge or experience.

00-629-11	with UK lead	£175.00
00-629-21	with Schuko/French lead	£175.00
00-102-11	Spare UK PSU (DIN4)	£75.00
00-102-21	Spare Schuko / French PSU (DIN4)	£75.00

Zero 88 Portable Dimming

A comprehensive range of tough, industry-proven portable dimmers offering a range of power capabilities and socket types. Different models can be mounted on walls, in racks or attached to trusses / stands.

Alpha Pack 3 DMX (3 Channel)**

Portable lightweight dimmer with 3 x 6.3A channels and overarching power limiter (10A, 13A or 16A, to suit socket-type). Ideal for distributed dimming and small on-site control. Freestanding, or (with bracket) can mount to IWB/Truss, stand or wall. 3 integral faders for direct control. Remote control via DMX. Convection cooled.

0011-000001-02	3 x 15A UK	£380.00
0011-000011-00	6 x 16A Schuko	£385.00
0011-000012-00	6 x 16A French	£385.00
0011-000010-00	6 x 6A CEE22	£395.00
0011-000009-00	9 x 10A Swiss	£395.00
00-620-00	Wall/Stand bracket with U bolt	£51.00

Betapack 3 DMX (6 Channel, 19" 4U Rack Mount)

19" Dimmer with 6 x 10A channels. Wall-mounting, rack-mounting or freestanding, it is ideal for any portable dimming requirement, as well as small installations. Available with a range of socket types, or hardwired. Convection cooled.

00-307-03	Hardwired	£625.00
00-307-11	12 x 15A UK	£675.00
00-307-21	12 x Schuko	£685.00
00-307-22	18 x Swiss	£725.00
00-307-23	12 x French	£685.00
00-307-61	12 x CEE17	£710.00
00-307-42	Socapex	£710.00
00-540-00	'Easycarry' handle & feet	£35.00

Rack 6 DMX (6 Channel, 19" 2U Rack Mount)

Compact fan cooled 6 x 10A dimmer. This low-cost multipurpose dimmer is rack-mounting, or freestanding making it ideal for all types of applications. A range of socket options is available.

01-400-11	6 x UK 15A	£575.00
01-400-21	6 x Schuko	£575.00
01-400-23	6 x French	£650.00
01-400-41	Harting	£650.00
01-400-42	Socapex	£650.00
01-400-61	6 x CEE17	£650.00
01-401-41	Dutch Harting	£650.00
00-380-00	Single phase kit	£8.00

Spice Rack (12 Channel, 19" 3U Rack Mount)

High specification 12 x 10A fan cooled dimmer. Spice is the ideal dimmer for robust portable dimming requirements, such as rental & touring. Available with Socapex or Harting outputs.

01-300-41	Harting	£1,600.00
01-300-42	Socapex	£1,600.00

Spice Pro Touring Systems (with hotpatch)

Spice racks ready-assembled into touring flightcases for "out-of-the-box" operation. Integral Wieland hotpatch and mains distro, with a 16A utility socket.

01-301-00	24 Channel Harting	POA
01-302-00	24 Channel Socapex	POA
01-303-00	48 Channel Harting	POA
01-304-00	48 Channel Socapex	POA

Spice Eco Touring Systems

Our economic alternative to Spice-Pro. Spice racks ready-assembled into touring flightcases for "out-of-the-box" operation. Available with 2 or 4 spice racks. No hot-patch, but supplied complete with integral mains distro and 16A utility socket.

01-306-00	24 Channel Harting	POA
01-307-00	24 Channel Socapex	POA
01-308-00	48 Channel Harting	POA
01-309-00	48 Channel Socapex	POA

****The transition between Alphapack 2 & Alphapack 3 will take place during this price list. Please check with your Zero 88 sales representative for stock and current product availability.****

Zero 88 Installation Dimming

Chilli is a range of high-density wall-mounting convection cooled dimmer packs, available in 4, 6, 12 and 24 channel sizes and in 10A or 16A channel versions (Chilli 6 has 25A channels). MCBs protect each output (*Pro* versions have ND MCBs). Integral RCD protection an optional extra on most models. 18-button user-interface and backlit LCD screen enable easy setup of each channel's DMX patch, preheat, topset and dimmer-curve settings. Each Chilli also has internal programmable memories and sequences that are remotely accessible via Chilli control panels.

Chilli Pro - Standard Dimming

A range of convection cooled, standard dimming cabinets for use in any venue. Easy to set up and install and come in 10A, 16A, 25A and in 4, 6, 12 or 24 channels.

4 Channel

01-120-00	10A MCBs	£670.00
01-121-00	10A HF MCBs	£720.00

6 Channel

0011-000019-00	25A MCBs	£1,400.00
0011-000020-00	24A MCBs + RCD	£1,710.00

12 Channel

0011-000013-00	10A MCBs	£1,575.00
0011-000014-00	10A MCBs + RCD	£1,745.00
0011-000015-00	10A RCBOs	£2,175.00
0011-000016-00	16A MCBs	£1,790.00
0011-000017-00	16A MCBs + RCD	£1,998.00
0011-000018-00	16A MCBOs	£2,390.00

24 Channel

0011-000004-00	10A MCBs	£2,275.00
0011-000005-00	10A MCBs + RCD	£2,485.00
0011-000006-00	16A MCBs	£2,740.00
0011-000007-00	16A MCBs + RCD	£3,005.00

Custom factory-configured versions of Chilli are also available to special order with variations including 25A circuits and DMX controlled relays. For further guidance and pricing please speak to your Zero 88 sales representative.

SCMR1232

Compact 12 channel DIN Rail mounted latching relay device for DMX controlled power switching of loads up to 32A each, 192A total. Channel loadings may be phase independent. Each relay also features a manual override switch. DMX start address set via rotary encoders. Unit requires containment, installation and appropriate protective breakers. Please ask your Zero 88 sales representative for more information on custom configured cabinet solutions using SCMR1232.

0016-000003-02	SCMR1232	£595.00
----------------	----------	---------

Chilli Pro - Bypass Dimming

Individual dimming channels can be switched to deliver mains power for intelligent fixtures, LED's, projectors and other non-dim loads - save wiring, simplify your set up and allowing you to connect your fixtures where you want them.

12 Channel

0001-000018-00	10A MCBs	£1,950.00
0001-000019-00	10A MCBs + RCD	£2,120.00
0001-000020-00	10A RCBOs	£2,550.00
0001-000021-00	16A MCBs	£2,200.00
0001-000022-00	16A MCBs + RCD	£2,370.00
0001-000023-00	16A RCBOs	£2,800.00

24 Channel

0001-000016-00	10A MCBs	£3,040.00
0001-000017-00	10A MCBs + RCD	£3,250.00
0001-000014-00	16A MCBs	£3,350.00
0001-000015-00	16A MCBs + RCD	£3,615.00

Chilli Pro - Relay options

Optional relays allow remotely controlled power switching via DMX. Relays can be used to control effects (such as kabuki drops and mirror balls), or to power intelligent fixtures, LED's, projectors and other non-dim loads. 4 Channel relay cards are also available for retrofit into any existing 12 or 24 channel Chilli Pro.

12 Channel

0002-000114-00	10A MCBs All Relay	£1,200.00
0002-000115-00	10A MCBs + RCD All Relay	£1,370.00
0002-000116-00	10A RCBOs All Relay	£1,800.00
0002-000117-00	16A MCBs All Relay	£1,250.00
0002-000118-00	16A MCBs + RCD All Relay	£1,420.00
0002-000119-00	16A RCBOs All Relay	£1,850.00

24 Channel

0002-000110-00	10A MCBs 1/2 Relay	£2,425.00
0002-000111-00	10A MCBs + RCD 1/2 Relay	£2,690.00
0002-000112-00	16A MCBs 1/2 Relay	£2,890.00
0002-000113-00	16A MCBs + RCD 1/2 Relay	£3,155.00

Chilli Installation Dimming - Accessories

A range of accessories for our Chilli dimmers. Relay cards can be retro-fitted to any Chilli 24 dimmer to convert groups of 4 dimmer-channels to DMX-controlled relays (max 12 relay channels per dimmer). Chilli panels and controls enable remote push-button access to a Chilli's internal scene-memories (independent of any control-console).

Control Panels

A range of wall mounted control panels. Enabling you to take advantage of the Chilli Net communication, you can recall pre desired scenes on the dimmer from any wall panel. Available in different button layouts and finishes.

01-200-00	10 Button panel SS	£160.00
01-202-00	10 Button panel brass	£173.00
01-203-00	5 Button panel SS	£161.00
01-204-00	5 Button panel brass	£173.00
01-205-00	2 Button panel SS	£161.00
01-206-00	2 Button panel brass	£173.00
01-201-00	Master controller	£295.00
01-223-00	Master touch screen	£1,292.00
01-207-00	LMO panel SS	£245.00
01-208-00	LMO panel Brass	£258.00
01-213-00	5 Button R&L SS	£161.00
01-214-00	5 Button R&L brass	£173.00

Back Boxes

A Selection of back box units for use with the ChilliNet Control Panels for wall mounting.

75-023-00	Back box 1G (Surface mount)	£5.00
75-023-50	Back box 2G (Surface mount)	£7.00
75-024-00	Back box plastic 1G (Dry lining)	£3.00
75-024-50	Back box plastic 2G (Dry lining)	£4.00
75-025-00	Back box metal 1G (Flush mount)	£4.00
75-025-50	Back box metal 2G (Flush mount)	£5.00

RetroFit Relay Cards

4 Channel retrofit relay cards allowing for the control of power to any non dim load. This retrofit relay card is designed for replacing 4 dim channels with relays in any already installed Chilli Pro 24 or the new Chilli Pro 12.

0095-000108-00	4 Ch relay card + PSU	£290.00
0095-000109-00	4 Ch relay card	£235.00

Network Devices

Network devices to compliment and extend your control. The RS232 interface allows for ChilliNet products to connect to a range of control systems. Most commonly AMX and Crestron.

01-210-00	Netlink bridge	£563.00
01-211-00	RS232 Link	£275.00

DMX & Networking tools

A range of networking products to compliment any control system allowing for expansion and networking. From simple 1 Universe DMX splitters to multi-universe and Ethernet to DMX conversion, Wireless DMX tools and RDM compatible versions.

ZeroWire CRMX (Wireless DMX, RDM)

Compatible with devices running on Lumen Radio's CRMX wireless protocol. Transmitter accepts one Universe of DMX or Art-Net. Receiver outputs DMX. Automated Cognitive Coexistence transmissions never disturb, or are disturbed by, other wireless equipment.

00-893-00	Transmitter	£899.00
00-894-00	Receiver	£445.00

DMX Splitters (19" rack mount)

Range of 19" 1U splitters, with single input and fully 1kV galvanic isolation between input and each of the outputs. All 8 output lines have DMX status indicators. RJ45 connections are wired to DMX specification and do not carry Ethernet traffic.

LF042-761RM	4 x 3 pin & 4 x 5 pin XLR	£410.00
LF042-761RM3	8 x 3 pin XLR	£410.00
LF042-761RM5	8 x 5 pin XLR	£438.00
LF042-761RJ45	8 x RJ45	£438.00

RDM DMX Splitters (19" rack mount)

Flexible DMX/RDM distribution in a 19" format. 2 inputs (with Thru) can be split to 8 outputs. Each output grounded and features an A/B switch for easy selection of which Input to feed to that output. Fix switch improves DMX signal, and removes RDM messages.

0019-000005-00	Split 2.8 RDM inc. DMX fix	£780.00
----------------	----------------------------	---------

DIN rail DMX Splitters, Boosters & Merges

A range of DIN Rail mounting and hard-wired DMX tools for permanent installation into larger networks. A range of inputs & outputs configurations. Merge devices provide a choice of signal mixing.

LF060-5126	DMX Line Booster	£130.00
LF060-5129	DMX Splitter-Booster 1 in / 2 out	£280.00
LF060-5122	DMX Splitter-Booster 1 in / 4 out	£410.00
LF060-5123	as 5122, with individual I/O isolation	£460.00
LF060-5124	as 5123, with RDM	£496.00
LF060-5110	DMX Merge 2 in 2 out (HTP / LTP)	£496.00
LF060-5111	DMX Merge 3 in 1 out (HTP only)	£496.00

Ethernet - DMX Conversion

1 Universe Ethernet box converts DMX to Art-Net or Art-Net to DMX. EtherN.8 & EtherN.2 converts either Art-Net or streaming ACN to DMX, with RDM messages. All supplied with EtherCON connectors. EtherN.2 is wall-mounted and can be powered using PoE.

0019-000004-00	EtherN.8 RDM	£1,699.00
0019-000003-00	EtherN.2 RDM	£550.00
03-081-00	1 Universe Ethernet Box	£245.00

DMX - Analogue Conversion

24 channel, rack-mounted DMX to analogue converter. Interfaces legacy analogue equipment with modern DMX512 controllers. Option to select each analogue output as either negative or positive control voltage (+/- 10V).

00-152-00	DeMux 24	£495.00
-----------	----------	---------

ArchiDMX Control Panel

Totally self-contained, fully programmable 64-scene, 512-channel DMX Control-panel with 5 illuminated colour-changing push-buttons. Can be flush-mounted into wall with US back box. Will operate on same DMX circuit as a control console with no merger required. Multiple Archi-DMX panels will inter-communicate wirelessly.

LF060-3003	ArchiDMX white (No PSU)	£595.00
LF060-3002	ArchiDMX black (No PSU)	£595.00
PSU12	12V PSU for ArchiDMX	£40.00
LF060-3006	ArchiDMX IR remote	£70.00
LF060-3007	ArchiDMX USB Stick for programming	£120.00
LF060-3012	USB cable for studio software	£150.00
LF060-USBB	Metal back box (US style)	£9.00

ArchiDMX can be flush or surface-mounted, with the addition of the appropriate US-style back box (not compatible with UK back-boxes). Please contact your Zero 88 sales representative for more information.
